Freedom and Friends for Free!

The Chronicles of Purgatory Station has arrived at www.scottwilliamfoley.com!

First appearing in *The Imagination's Provocation: Volumes I and II*, Purgatory Station's Colossals have waited two years to burst off the page again.

As an added bonus, illustrations by yours truly will accompany each installment.

The Chronicles of Purgatory Station began with "Freedom's Resurrection" in *The Imagination's Provocation: Volume I*, and then continued with "Knight Writings" and "Freedom's Acquiescence" in *The Imagination's Provocation: Volume II*.

Now you can catch up with Freedom, The Nocturnal Knight, Anthem, and the rest of Purgatory Stations' unique denizens!

Coming Soon: Baby Foley!

Our daughter will be here before we know it! July 3rd is the big day!

Paging Dr. Nekros

Dr. Nekros, Occult Aficionado, continues to delight and disturb fans as he hunts the demon Xaphan while avoiding his ex-wife, Zetta.

Amazon Shorts, the publisher of the serialized *Dr. Nekros* stories, has been on a hiatus for several months as they work out a few kinks.

Hopefully, they'll return soon so I can bring you "Bloodied Pistons (Volume I, Episode III)," where we finally learn the origin of Dr. Nekros' haunted car. Unfortunately, someone from the Packard's past appears as well, and she's got a bone to pick!

You can read the continued adventures of Dr. Nekros and Zetta at Amazon.com for only \$00.49!
